

# Empire Wind Update

---

Hello Elizabeth,

Equinor Wind US has contracted with Northstar Marine to conduct Marine Archeological Resource Assessments (MARA) along the Empire Wind export cable route in Gravesend Bay and The Narrows near the Verrazzano Bridge. Divers will be investigating site characteristics for potential archaeological resources such as a presence of a shipwreck. The M/V Atlantic Surveyor will be conducting the estimated 1 week survey beginning September 28, 2022 (12- HR Operations).

**Vessel: M/V Atlantic Surveyor**

**MMSI: 368244130**

**Call sign: WDM8530**

**VHF Radio Channel monitored: 16 & 13**

- 
- Coordinates: 40°36'21"N 74°02'13"E (chart below)
  - Shallow areas of 3-12 meters (10-39ft)
  - NOAA Chart Number for the area: US5NYCCG
